

Forestry Committee Meeting Minutes 7/20/2015 @ 7:00 AM

In Attendance: Bob Long, David Martella, Don Drew, Dan Brady, Dave Long, Harry Burgess (forester), Tom Harris (logger)

- Thanks to Harry and Tom for coming to the meeting to discuss how the forestry project is going so far
- Tom is happy with the way things are going
- The entry road (Tewksbury Rd) is staying in good shape
- The weather is playing a big role in production. During wetter times, Tom chooses to stay out of the woods because more of a mess is made during those times
- Some of the areas are best accessed after the ground is frozen, so an extension may need to be discussed to the original 9 month contract
- Discussion on financials, Harry will have bank statements and a check to MLD at our next regular meeting

Next meeting July 23 @ 6 pm

Submitted,

Dave Long
