- Robert Roudebush appeared before the forestry committee to explain a concern that an abutting neighbor to Map 405, Lot 32 where MLD is currently logging
 - The neighbor is concerned that MLD has no ownership of this lot and it is in fact owned by the Town of Haverhill
 - Further research by the Town has turned up documents that would back up this neighbor's claim
 - The current tax cards show MLD as the owner to this land
 - It is believed that this land was deeded to MLD between 1986 and 1988 with several other pieces of land that the town owned
 - Documentation suggests that the land in question was on some of the paperwork that was approved at a town meeting for transfer, but not all of the paperwork
- There is a select board meeting on 9/8/15 where there will be further discussion on the next steps in regards to the land ownership
- All logging operation/trail making has been stopped until further notice
- Several of the committee have been on the property and commented on how nice it is looking with just a small portion of the work that has been completed
- Scheduled another forestry committee meeting for 9/3/15 @ 6 pm to further discuss.
