

## **Forestry Committee Meeting Minutes 10/23/2014**

In attendance: Don Drew, Fred Garafalo, David Martella, Dave Long

Don Drew spoke with Dennis Labounty (abutting landowner) in regards to using his property for a landing site for our timber harvest. He is open to the idea with a few concerns.

- Roads to be left in as good of shape or better than they are now
- Compensation for the use of his land
- Reputable logging company and forester to oversee project
- Work to be done during winter months and not drag out until the spring

We need:

- Written proposal/contract from Harry Burgess (forester). We need this first and foremost before anything else can be done.
- Timber marked by Harry for harvest
- Request for bids to potential loggers

Dave Long will send an email to Harry Burgess to outline what we need from him

Loggers to include:

- Mike Clark
- Randy Cassidy
- Santy Logging
- Stacey Thompson
- Larry Covey

Submitted,

Dave Long
