

Forestry Committee Meeting Minutes 03/26/14 @ 6 PM

In Attendance: Fred Garofalo, Don Drew, Bob Long, Dave Long

Guest: Harry Burgess, Licensed Surveyor and Licensed Forester

Welcomed Harry Burgess and thanked him for attending our meeting

Discussion on organizing the goals that we are looking to focus on with our management plan. (wildlife, timber, recreation, protecting wetlands...)

Discussion on wetlands in regards to identifying and gaining permits. Gaining a temporary permit for wetlands crossings usually takes 1-2 weeks.

Discussion on the need for possible surveying of our lands. Harry feels confident that no surveying would be required because of the accuracy of GPS.

Harry is currently working another project locally for a private landowner in Bath that he welcomed us to have a look at.

Harry is going to walk some of the Mt. Lakes lands and come up with some ideas for us as to how he would recommend moving forward. We should have that by our next meeting, and we will probably have Harry back at that meeting.

Next meeting scheduled for 4/23/14 @ 6 pm.

Submitted,
Dave Long
