

Water Committee Meeting

June 10, 2009

The meeting was called to order by Ed Rajsteter @6:00pm. Those in attendance were: Brad Farr, Rosie Farr, Peter Orlander and Ed Rajsteter. Absent were: Don Drew, Joel Godston, Kerry McCall, Tony Salvucci

We did not review the minutes of the May 6, 2009 meeting

Mike Bonanno indicated to Ed Rajsteter that he wishes to resign from the committee.

Rosie Farr mentioned that he has to notify the Commissioners of his intent to resign.

We tabled all action items until the following meeting.

Our discussion centered on the possibility of hiring as a consultant, a professional (Water Engineering Experience) for the Water Committee to use as a guide in determining what direction we should take in prioritizing our tasks. In the past, we used Scott Clang of Granite State Rural Water and Harold Clough of Woodsville Water and Light.

Rosie indicated that she will arrange a meeting with Scott Clang first and a follow-up meeting with Harold Clough to discuss this possibility.

We adjourned the meeting @ 6:50pm. Our next meeting is scheduled for July 8th @ 6:00pm at the district office.
