

Mountain Lakes District Water Committee Report for February 2016

This report covers the monthly meeting of 2/4/16 and other water related issues for the month.

Water Committee Meeting of 2/4/16

Status: Draft as of 3/9/16 – Reviewed as of 3/10/16 - Approved as of 3/10/16

The February meeting was held from 8:10 AM to 8:50 AM on 2/4/16;

Attendees: Don Drew, Bob Long, and Ken King

We approved the Water Committee report for January 2016.

Water System Status

Water demand was running about normal but we started to see higher water usage. There was a water main repair on Bear Road but we are still looking for leaks in the system.

We ordered two new flashlights and some additional repair clamps to have them on hand as needed.

Master Plan

A draft of the survey to be given to all lot owners was sent out for comments and any additions. We will discuss this at our next meeting.

Nobis Engineering Projects

There were no updates available on the latest test well grillings.

Lower Dam Project Activities in February

The extended follow up plan for the Lower Dam Outflow project is being done 3 times per week (M,W,F) and takes about 1 hour each time.
