

Mountain Lakes District Water Committee Report for July 2016

This report covers the activities during July, and the monthly meeting of July 7th.

Status: Draft as of 8/1/16 – Reviewed as of 8/4/16 – Approved as of – 8/4/16

Mountain Lakes District Water Committee Meeting of 7/7/16

Meeting was held from 8:07 AM to 9:02 AM on 7/7/16. Attendees: Bob Long, Don Drew, Ed Rajsteter, Peter Olander, Ken King and Scott Clang (GSRWA)

Water Status:

Usage remains high. Over the July 4 holiday, usage was 70,000 per day with 50,000 from us and 20,000 from WWL.

Don and Scott spent time that day in trying to locate our current leak. There was additional digging done later but no leaks were found.

Lead and Copper:

All 20 tests were OK and we can go back to 10 test sites.

Master Plan Update:

Ken passed out an outline and will continue to develop the material.

Conolle property/spillway:

Everyone has agreed to the current plan. We just need to move ahead.

Lower Dam Project:

We have notified CCS that we will have a new installation of the grass area installed and charge it off against the money held in reserve.

Nobis Engineering – Water Sourcing

Nothing new here.
